DURO – KLEEN™ Redi-Use Degreaser

DESCRIPTION:

Duro-Kleen™ Redi-Use Degreaser is a specially-formulated heavy-duty liquid alkaline cleaner composed of caustic alkali, water, surfactant, and water softener. Duro-Kleen™ Redi-Use Degreaser will immediately remove grease, oil, dirt, road grime from surfaces that are hard to clean.

Duro-Kleen™ Redi-Use Degreaser can be safely rinsed away with water with no harm to the environment.

****Not recommended for use on brass, copper, glass, aluminum, galvanized or hot surfaces****

BENEFITS:

- SAFE TO USE – Safe on most industrial surfaces.
- SOLVENT FREE – Uses no harmful solvents.
- CLEANS AND DEGREASES – Unique formulation allows it to clean as well as degrease leaving no residue.
- BIODEGRADABLE – Safely rinses away with water.
- ODORLESS – leaves no odor behind.
- READY TO USE – No mixing required.

APPLICATION:

Duro-Kleen™ Redi-Use Degreaser can be used on hard to clean surfaces by simply applying a desired amount to the affected area with a brush or sprayer, (***)It is recommended that you apply a small amount of Duro-Kleen™ Redi-Use Degreaser to a test area first(***)), then let soak in and simply rinse with water.

USES:

**Automobiles
Construction Equipment
Farm Equipment
Concrete Floors
